Saint-Denis, February 9th, 2010

Dear Sir,

Following the positive advice expressed by the AFNOR VALIDATION technical committee on February 5th, 2010,

I attest that the right to use the AFNOR Validation Mark, according to standard EN ISO 16140, has been granted to BOKAR Diagnostics for the following alternative analysis method :

COMPASS[®] *Bacillus cereus* Agar

For the enumeration of presumptive *Bacillus cereus*,
In human food products and animal feeding stuffs

n# BKR 23/06 – 02/10, with end of validity: 05.02.2014

A further letter will mention conclusions and possible reservations made by the technical committee. If reservations are mentioned, I ask you to take them into account without any delay.

Yours faithfully.

Deputy General Manager
Jacques BESLIN
